Dinex Round Buffet Hydraulic Chafing Dish *Try Ply With PVD Coating*

SKU: 1026S1024

SIZE- Deep 4 Round Dia : 32CM

CAPACITY- 7LTR

MATERIAL- Triply Outer Rose Gold Copper

This stunning piece is a round hydraulic buffet chafing dish. It is in the color rose gold. It is composed of three-ply stainless steel. The inner layer is specifically made out of 304 stainless steel along with an outside layer of stainless steel PVD with a hammered finish. The middle layer consists of aluminum which is a good conductor of heat that help in spreading the heat evenly throughout the dish. Its food capacity is 5 liters. Moreover, it is induction friendly along with being super strong and durable and is also able to sustain heat for a longer time. The high quality hydraulic lid allows it to close the lid on its own with a single touch.

A stainless Triply food pan having a steel body. Crafted with quality material and provides versatility that is useful to keep pre-heat food in the oven or to keep chilled dishes inside it and to present on the tabletop. It has a covering lid that is removable and it is easy to wash. Its covering lid get closes automatically and smoothly. It has a water boiler inside it that is helpful to keep food heat. It is coated with three layers as Aluminum, Steel, as well as Copper. Additionally, it is also an iduction based material.
